

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION
MANDATORY LANGUAGE - TIER III

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

City of Buckholts has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. **During 2nd 6 months 2017, and 1st & 2nd 6 months 2018 & 2019 of we did not monitor or test for Water Quality Parameters and therefore cannot be sure of the quality of your drinking water during that time.***

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for [these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were [or will be] taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Water Quality Parameters	4/ 6 months	0	7/1/2017-12/31/2017 1/1/2018-6/30/2018 7/1/2018-12/31/2018 1/1/2019-6/1/2019 7/1/2019-12/31/2019	8/4/2020

What is being done?

We are working to correct the problem. For more information, please contact Linda Hauk at 254-593-3111.

We are sending out this public notice to let our customers know that the Lead/Copper samples were not pulled and tested in the time frame scheduled. Corrective action is to pull the required samples have the samples tested and report the results on the website , at city hall, and the main post office. The City of Buckholts regrets any inconvenience this may have caused you

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
